Sir:

Listed on accompanying Form PTO-1449 are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98.

Applicants have listed any publication dates on the attached PTO-1449 based on information presently available to the undersigned. However, any listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application

does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

Listed on accompanying Form PTO-1449 is one document that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98. A copy of the cited document is attached.

The Examiner's attention is directed to the following co-pending U.S. Utility Patent Application No. *To Be Assigned*, filed March 31, 2004, currently pending, a copy of which is submitted herewith as Document AR1. This application is directed to related technical subject matter. Applicants note that this application has not been published. The Examiner is respectfully requested to consider the cited co-pending application and the art cited therein during examination.

This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits. No statement or fee is required.

It is respectfully requested that the Examiner initial and return a copy of the enclosed PTO-1449, and indicate in the official file wrapper of this patent application that the cited document has been considered.
